Description

VIVIEN - DECENTRALIZED CEILING LIGHT W 1XE27 CILIV

Pendant, ceiling, wall, table and floor lamp with fabric lampshade in cylindrical or conical shape, structure in white or black painted metal with PVC cables in same colour. The ceiling version is also proposed with fixed arm for decentralised lightpoints. The four different finishes (ivory, dove-grey, anthracite and grey) and the E27 lamp holder that allows mounting LED lamp, make it perfect for lighting any environment.
