INDOOR Linear system

Description

LED FITTING CEILING/SUSPENSION 24W 3000K - YEN

LED linear luminaire, for direct or direct/indirect light emission, with on board or remote driver, for ceiling installation (with ceiling kit), suspended (with suspension kit and ceiling rose), or in-line configurations (with angle or linear joints, up to 1500W). Highly versatile thanks to the many possible combinations given by the different modules that can be installed, the three-phase track, the opal or anti-glare optic for UGR<19 particularly suitable for VDU workstations. Minimalistic-designed luminaire with a square-shaped and linear extruded aluminium body, available in single or double version, painted with epoxy powders in three finishes (white, black and grey). Available in different sizes and related powers, in two gradations (3000K and 4000K) and, in some versions, with DALI protocol on request. As accessories to be ordered separately: end caps kit, diffusers and other accessories.
